| | <p>The education system for international students in the professional master degree program is 2 years. The years of study is generally 2-3 years and the longest is no more than 3 years. The credit system is carried out during the academic study period, and the total credits are no less than 39, including 25 credits for required degree courses, 11 credits for discipline elective courses, 1 credit for interdisciplinary elective courses and 2 credits for compulsory courses. The compulsory courses include 1 credit of academic activities and 1 credit of thesis proposal and mid-term assessment.</p> |
| | <p>During school years, foreign students should investigate at least three units (enterprises, financial units and departments of government, etc.). Before writing thesis, students should carry out investigation on the areas of their selected topics, and put the results of investigation into their thesis proposal reports. Postgraduates should take part in the activities organized by their advisers, e.g. enterprise diagnosis, area development, industrial development consultation, etc.. The time for practical operations is 40-50 hours.</p> |
| | <p>For thesis proposal, master degree international students should generally combine the research area and the research</p> |
